Vienna, 20.12.92

Dear Ross Harley,

I am still very sorry for missing the chance to participate at TISEA in Sydney this Year. Maybe there is a other chance for us to be informed about the results of TISEA 92.

1993 we will realise a 3 Month project "UNIT^ N" in Vienna, in which we invite Artists to present their work.

It will be a 3 Month platform with Discussions, Lectures, Performances, Symposion and Presentations from Young Artists and Theorists followed by a special Issue from the two Austrian Media-art Magazines Eikon and Medien.Kunst.Passagen.

We would like to invite you for a Presentation/Lecture about results of TISEA, and of course, your own work during the Symposium " On Line " , held in Graz, to which we (in Vienna) will be connected to by PicturePhones.

Date: 4.March - 7.March 1993

Place: Vienna/Austria

We can offer you Flight (AUA-Destinations) and accommodation (Hotel), also Sony Beamer, Monitors, Slide Projector etc. for your Lecture and work.

I hope our very short planning Time still allows you to come ! If you are interested in my offer, please give me as soon as possible a short call and/or write.

With kind regards!

Christoph Nebel, Vienna

Enclosed our full program (in german) !
